EAST BETHEL PARKS

GEOCACHING TRAIL

*East
City of
Bethel*

Geocaching is a real-world outdoor treasure hunting game!

Visit East Bethel's Parks!

Geocaching combines technology with outdoor adventure and is a great way to explore East Bethel's Park System. Players try to locate hidden containers, called geo-caches, using GPS-enabled devices in this real-world, outdoor treasure hunting game.

24 geocaches have been hidden in various parks throughout the city. The geocaches range in size and difficulty and contain a logbook or log sheet to record who has found the cache. Some geocaches contain items placed by others that can be swapped out. If you take an item, replace it with something of equal or greater value.

The name of the park and the geo-caching code for each of the hidden geocaches is located in the table to the right. Enter the code at geocach-ing.com to get the GPS coordinates and other clues as to the geocache location. Each geocache has a letter on the cache itself or in the logbook to record. Locate all 24 letters to reveal a hidden phrase and return the table to East Bethel City Hall.
