

Sec. 10-54. – Kennel license.

- (a) The maximum number of dogs allowed without a kennel license is two. The maximum number of dogs allowed with a private kennel license is to be determined by the number of acres:
 - (1) Greater than 2.5 acres but less than three acres: three dogs.
 - (2) Three acres or more but less than five acres: four dogs.
 - (3) Five acres or more but less than ten acres: six dogs.
 - (4) Ten acres or more: maximum ten dogs.
- (b) No private kennel licenses shall be issued on parcels of 2½ acres or less. No commercial kennel licenses shall be issued in zoning districts other than commercial and industrial districts. The city shall not approve variances to allow private kennel licenses on parcels of less than 2½ acres, and shall not approve variances or other zoning devices to allow commercial kennel licenses in zones other than commercial and industrial districts.
- (c) No person shall maintain a private or commercial kennel in the city without securing a license therefor from the city council. The fee for the license shall be as established by resolution of the city council.
- (d) Prior to issuance of a private kennel license from the city council, a hearing before the planning and zoning commission must be held. Notice must be given to all affected property owners within one-quarter mile of the outside dimensions of the parcel where the kennel is contemplated. The planning and zoning commission will make a recommendation to the city council on the request.
- (e) Prior to issuance of a commercial kennel license from the city council, a hearing before the planning and zoning commission requesting an interim use permit must be held. Notice must be given to all affected property owners within 500 feet of the outside dimensions of the parcel where the kennel is contemplated, and published in the city's official newspaper at least ten days before the public hearing. The planning and zoning commission will make a recommendation to the city council on the request.
- (f) Private kennel licenses do not confer any property rights upon the licensee, and the issuance of said licenses does not assume that future licenses will be granted. Licensees will need to independently assess whether any improvements made in relation to city requirements will be amortized during the initial time period of the license. Licenses will be issued for a set number of dogs, which shall not be exceeded. Licensees who wish to add a dog need to reapply for a private kennel license. Licensees who relocate to another area of the city need to reapply for a private kennel license. Licenses are not assignable to other parties.
- (g) The initial term for a private kennel license shall be one year; subsequent licenses, if so granted, will be for a term of up to three years.
- (h) Licensees authorize city staff to perform periodic, random inspections of the kennel for the purpose of determining compliance with the conditions of their license.
- (i) No party, person, corporation, or other entity will be allowed more than one private kennel license.
- (j) Kennel licenses in effect on residential property at the time of adoption of the ordinance from which this article is derived that do not meet the requirements of this article are considered legal, nonconforming licenses and can continue to keep up to the number of dogs authorized by the kennel license at the time of adoption of the ordinance from which this article is derived. Adding more dogs to an existing license would require meeting the requirements of subsection (f) of this section.

The application for an **INTERIM USE PERMIT (IUP)** is processed in three separate review steps:

- 1) CITY STAFF
(Applicant is required to meet with City Staff **prior** to submittal of the application.)
- 2) PLANNING COMMISSION
(Public hearing and recommendation to the City Council)
- 3) CITY COUNCIL
(No public hearing required)

The Following information is required to be submitted in support of the IUP thirty (30) days prior to the scheduled Planning Commission meeting date:

- Completed application, fees, escrow application, location map, and narrative
- Legal description** of property (located on deed)
- Evidence of ownership or an interest in the property
- Principal land uses within 350 feet of the property
- Certification of Taxes Paid. Prior to approving an application, the Applicant shall provide certification to the City that there are no delinquent property taxes, special assessments, interest, or City utility fees due upon the parcel of land.
- Certificate of Survey, to scale, showing applicable existing and proposed conditions including property lines and dimensions, building location and setbacks, dimensions of building, curb cuts, driveways, access roads, parking, off-street loading areas, septic system, and well. If the proposed IUP is located in the Shore land Overlay District, it is required to have the impervious area (hard surface) calculated and shown on the survey. This includes hard surface patios, driveways, houses, garages, etc. Properties in the Shore land District are required to have an impervious surface of no more than 25 percent (**3 copies – 11 x 17 – see handout on Survey/Site Plan for survey requirements**).
- Certificate of Survey identifying locations of wells and septic systems of neighboring properties
- Any other information City Staff may request

Submitted Subsequent to City Council Approval

- IUP Agreement for signature if IUP is approved by City Council

Additional Notes

- The City Council meets on the first (1st) and third (3rd) Wednesday of the month.
- The Planning Commission meets on the fourth (4th) Tuesday of the month.
- Make sure you give yourself enough time to receive approvals from all reviewing agencies.
- If the Interim Use Permit takes place on a wetland, than you may have to fill out the Joint Application Form for Activities Affecting Water Resources in Minnesota
